

8th Grade

Friday, May 7th - Add information to your time line project. Bring sharpened red, blue and green colored pencils for class on Monday. Your next news review is due next week. Bring compass and calculator to class on Monday.

HOMEWORK FOR WEEK OF MAY 10TH

PJAS PARTICIPANTS - You must come in early or stay after school one time this week to continue to practice the delivery of your oral speech. Students who do not come will spend Sunday afternoon at Penn State with me practicing your presentation.

Monday, May 10th - Complete lab report. Use black ink to answer related questions. Write conclusion and in addition statements.
News review due Thursday.

Tuesday, May 11th - News review due Thursday. Add Kepler's Third law to timeline.

Wednesday, May 12th - News review due tomorrow. Add Newton to the time line.

Study notes. Make flags for each of the scientists on the timeline.

Fasten flags to toothpicks or bread twisties. Define: speed, velocity, acceleration, deceleration.

Thursday, May 13th - Study notes. Add the 4 laws Newton wrote to the time line. Work on flags for the 9 scientists.

Friday, May 14th - Complete lab report. Write answers to related question, conclusion and in addition statements in black ink.

STUDENTS ATTENDING THE PJAS MEETING AT PENN STATE:

Make sure you have all of the materials you need for the trip to Penn State.

Be at the Salisbury Middle School by 12 noon on Sunday. Report to Mrs. Stinner.
